

HAPPY NEW YEAR

COMING DOWN--and fast. Old house on First Ave. south of Ninth St. fell the wrecker's pick and bar Tuesday morning as city, Parking District, and Downtown leaders held ceremonial groundbreaking at another old house that will also make way for additional downtown parking. Payne-Wheatley Construction is working on the parking lot clearing, paving and marking.

BIG OCCASION--groundbreaking ceremony for an important event, the start of construction of additional parking for the downtown area. Two additional lots and expansion of two others are master planned. This was at the corner of Third Ave. and C St. Tuesday morning, the day Payne and Wheatley started work. Peeking out of the window are

Dwight Bert and Mayor James Christensen. Others, from left, are Larry Magnon, Bob Wheatley, Councilman May Hawkins, City Clerk Dorris Magruder, Ted Atwood, Jack Atwood, Councilman Zella Stone, Councilman Mike Ros-sitter (also Parking Authority Chairman), Roger Olson, Bill Vallon and City Engineer Fred Blanchard.

They had a happy Christmas

WINNERS ALL-- Friday night at the big drawing for prizes offered by Downtown Merchants through the Upland News. Storma Selden was listed as winner of the color television. Present for picture taking were these winners, from left:

Vivian Naisbitt, Mrs. M.P. Fonda, Steve Alexander, Cleone Martin, Elizabeth Rouse and Florence Lehner. Seated in front is Santa Claus.

Plane crash kills Uplander Sunday

CRUMPLED PLANE lies in field south of Corona Airport Sunday where Gordon John Hendrick of Upland died

Sunday. Plane plunged from 3,000 to 4,000 feet.

An Upland man flying an experimental aircraft was killed Sunday at 11:15 a.m. when the home-built plane plummeted to earth.

Gordon J. Hendrick, 42, of 1536 N. Palomino, Dr. was said to have been flying back from Glen Ivy Hot Springs airstrip in Riverside County, to Cable Airport, Upland, with a friend who was flying another plane, Don Kinsey of Claremont.

He told investigators the plane "suddenly dipped and he went straight down."

Witnesses said there appeared to have been a structural failure, and federal investigators at the scene spent considerable time examining the tall structure of the plane, a free-lance photographer told the News.

The plane was identified as a "Stitz Play Boy," a single seater.

It took nearly a half hour for emergency crews to remove the body from the crumpled wreckage.

Scene of the crash was approximately a half mile south of the Corona Municipal Airport. Glen Ivy Hot Springs is located south of Corona, in the Corona-Elsinore area.

Mr. Hendrick was a member of a local airplane club and an employee of the General Telephone Co. He was a native of Toronto, Ontario, Canada and had been an Up-land resident for the past year and one half.

Besides his widow, Charlotte of Upland he leaves his parents, Mr. and Mrs. C.J. Hendrick of Toronto, Ontario, Canada; two sons, Gordon and Michael of Upland; four daughters, Karen and Debra at home; Mrs. Carol Thomas of Alhambra and Mrs. Donna Brejcha of El Monte; two brothers, Michael Hendrick of Ottawa, Ontario, Canada, Joseph Hendrick of Milton, Canada; and one sister, Mrs. Lorraine Phillips of Orlando, Fla.

Tentative funeral services have been set for 1:30 p.m., Thursday, Dec. 28 at the Draper Memorial Chapel, Ontario.

Burial will be in Bellevue Cemetery.

Serviceman miss local Christmas

Unexpected transportation problems which developed at Camp Pendleton on Christmas Day kept all but 18 of the 200 Marines who were to spend Christmas with West End families on base.

Disappointments for both the boys and their "adopted" West End families occurred when the bus that was to bring them to Upland failed to show up for them.

The West End Service-men's Cheer Committee members had the sad duty of informing the families which came to their headquarters at Bill's Ranch Market on Christmas Eve that they would not have their Marines for Christmas as expected. According to a Cheer

Group spokesman, the 18 men who were able to get to the West End for the holiday expressed themselves as having "had a ball."

One family gave their Marine a call to his parents in Indiana as his Christmas present. Other boys received various gifts and big dinners.

Because of the mixup and the problems encountered with transports and the like, committee members said, "We want to bring the boys here for New Years Day." One member said, "We promised them Christmas and that fell through, so now we want to try to make it up to the Marines and to the families in the West End who

had counted on their being here.

Plans are being formulated this week to make the arrangements to bring the boys here for a New Year's celebration.

One Cheer Committeeman said that "more reliable" means of transportation have been found for the Marines and the committee will be spending the next several days contacting families for further arrangements.

"We are very sorry that things did not work out as planned," Cheer group member Joanne Sanderson said, "but we will do all we can to make it up to the Marines and the West End families."

HIS HONOR SANTA CLAUS -- was the big attraction Thursday noon at the Upland Woman's Club, when the Upland Host Lions Club entertained approximately 70 local children at a luncheon Christmas party. Jim Smith, assis-

tant superintendent of Upland elementary school district was general chairman of the event which brought many happy smiles to the little ones.

Kaiser names vice president

C.A. MacIlvaine has been named vice president and treasurer of Kaiser Steel Corporation, it was announced today by C.F. Borden, executive vice president. MacIlvaine has been the company's treasurer since 1962.

He joined Kaiser Steel in 1946 as a controller's division trainee at the company's Fontana, California steel plant.

MANUEL RODRIGUEZ, principal of Euclid Elementary School in Ontario, instructs two of Santa's helpers, Barbara Bordenkircher, kindergarten teacher at Monte Vista School, Montclair, and Petra McVicker, first grade teacher at Berlyn School, Ontario, at Santa Claus, Inc., where Ontario-Montclair Teachers Association has helped out since SCI's inception. Rodriguez has served on the SCI board of directors for the past nine years.

OLDSTERS HELP YOUNGSTERS -- at Santa Claus Inc., where John McCorkindale of Cucamonga, left, and Tom Lenathen of Upland, look over some of the wheeled goods they have renewed during the past year. Lenathen has been associated with SCI for eight years and is presently vice president of the Board of Directors. He also serves as a

crossing guard in Upland. Lenathen, who is 75, and McCorkindale, who is 72, say they can use more manpower at SCI, especially retired mechanics who want to do something, rather than sit around feeling sorry for themselves. They would also like one thing they could really make good use of, a pickup truck.

Teachers help Santa

Many of Santa's helpers are members of the Ontario-Montclair Teachers' Association (OMTA) and have been since Santa Claus Inc. had its beginning some 12 years ago.

OMTA members have assisted with the collection, repair and distribution of toys since the inception of Santa Claus Inc. Over the years association members have combined with other youth and adult groups and many hard-working individuals to provide this outstanding community project.

OMTA is a professional organization open to all teachers and administrators in the Ontario-Montclair School District. Although concerned primarily with the advancement of standards in the teaching profession, this is not its only purpose. Much

time and effort is spent in furthering the welfare of the students and community as a whole.

Besides its work with Santa Claus Inc., OMTA annually contributes \$200 to the Nurses' Student Welfare Fund for the purchase of glasses for needy students. Two \$100 scholarships are annually awarded to Chaffey College students entering the field of education. Members of the association this year contributed \$11,586.90 to the West End United Fund.

The association has sponsored and supported various fund raising events including a \$300 donation toward the recently completed Ontario-Upland YMCA building program. Many association members are active participants in local organizations working toward a better community for its youth.

Registration resumes at Chaffey Jan. 2

Registration for the spring semester at Chaffey College will resume, Jan. 2, with day and evening classes in a broad range of subjects opening, Feb. 5.

Courses at this tuition-free community college are designed to groom students for employment, job improvement, or academic transfer.

Subjects are:

Accounting, Aeronautics, Anatomy, Anthropology, Art, Astronomy, Auto Technology, Biology, Botany, Business, Chemistry, Correctional Science, Data Processing, Dental Assisting, English, Fire Science, Food Service, French, Geography, Geology, German, History, Home Economics, Interior Design, Hygiene, Journalism, Library Technology, Lithography, Mathematics, Medical Secretary, Microbiology, Music, Nursing, Philosophy, Physical Education, Physics, Physiology, Police Science;

Political science, Psychology, Real Estate, Secretarial Science, Social Science, Sociology, Spanish, Speech, Statistics, Supervision, Welding, Zoology.

General Tel pays biggest tax yet

Approximately \$31 million will be paid by General Telephone Company of California for city and county property taxes for the 1967-68 fiscal year, said Leonard W. Snodgrass, vice president-contractor for the utility.

"This represents the largest ad valorem tax payment our company has ever made," he added.

The bulk of these tax dollars goes to Los Angeles County, which receives more than \$19 million from General - \$19,398,794.32 to be exact. The December payment will be more than \$15

million, while the April payment is above the \$4 million mark.

These property taxes involve such large amounts of monies that General is making its payment in two installments. The first payment is scheduled for Dec. 11, with April 10, 1968 the date for the second one.

As a public utility, General is assessed by the California State Board of Equalization, unlike individual property owners who are assessed by their county.

For the telephone industry, property taxes are based upon the assessed valuation of all plant and equipment, improvement to buildings and land, telephone instruments, switchboards, cable and automatic switching facilities.

San Bernardino County gets the next largest amount of the tax dollar from General, with more than \$1 1/2 million due at the December deadline and more than \$1,500,000 in April.

The A-to-Z roster of American car makes begins with the A.B.C. Electric (1906) and winds up with the Zimmerman (1909).

OPEN HOUSE

at Pomona First Federal

Starts Tuesday
January 2nd at
Every Pomona
Valley Office

HOURS: 9 to 4 daily, 'til 5:30 on Fridays, and on Saturday, January 9, all offices will be open 'til noon!

Celebrating the opening of our new CLAREMONT OFFICE

228 West Foothill Blvd.

Earlene Jenkins' Yule engagement is announced

The engagement of Miss Earlene Jenkins to Sgt. Victor F. Mistretta Jr., U.S.A., was announced by her mother, Mrs. Edward Kallin at a Christmas Eve party at her home on West 15th St., Upland.

Mr. Mistretta, Jr. is the son of Victor F. Mistretta of Upland and Mrs. Anna Fifer of Covina.

Miss Jenkins, a member of the California Scholarship

Federation, graduated from Upland High School with the class of 1965 and attended Chaffey College. While in high school, she was editor of the yearbook for two years.

The bridegroom to be, graduated from charter Oaks High School in 1963. He is presently serving in the Mekong Delta, Vietnam.

The couple has not set a wedding date.

Miss Earlene Jenkins

Yule guests at Doucette home

Mr. and Mrs. Forrest E. Doucette of 2485 Mesa Terrace had as their holiday guests, their son Dall of Washington, D.C., Dr. and Mrs. Howard Dall of Orinda and Mrs. Nellie Dall.

Mrs. Nellie Dall, Mrs. Doucette's mother, had been visiting another daughter, Mrs. Von Robbins in Madera, but has returned to her permanent residence with Mrs. Doucette in Upland.

Dr. and Mrs. Veteran Ricca of Palo Verdes Estates were also guests at the Doucette home for the holidays.

Woman injured in Baldy skid

A Mt. Baldy woman was injured Thursday afternoon when her car got out of control on icy Mt. Baldy road, skidded over an embankment and rolled over.

Patricia Ann Batchelor, 47, suffered numerous cuts and bruises.

DESPERADOES ALL -- Members of the Upland Junior Woman's Club try on their sons' "bad guys" equipment as they complete plans for the "Operation Reward" capture of local businessmen. Club members have notified Upland's professional and businessmen that they will be subject to kidnapping Tuesday, Jan. 9 and must dig-down and pay-up to be released. Proceeds are slated for the annual March of Dimes. Club members and children are from the left, Mrs. Jerry Vaniman, Gregroy Vaniman, Scott Clements, Jon Extale and Mrs. J. Gilbert Extale.

Juniors forming Posse to hold-up businessmen

History will be made in Upland Tuesday, Jan. 9, from 9 a.m. until 2 p.m., when a large number of businessmen will be kidnapped and held for ransom! Members of the Upland Junior Woman's Club, led by Mrs. Donald Hall, health chairman, are busily organizing a posse to hunt down and capture the businessmen, in a most benevolent manner.

"Operation Reward" is being planned in conjunction with the local March of Dimes drive and the National Federation of Women's Clubs' project of "Operation Healthy Baby".

The entire Junior mem-

bership will be involved in this project and will be wearing outfits appropriate to their role as "kidnappers for a cause".

Letters have been sent by the Juniors to all Upland businessmen, doctors and city officials warning them of their dangerous situation as well as their opportunity to aid a worthy cause.

They will be given the opportunity to mail their ransom if they are unable to participate in the kidnap.

The victims will be transported to the Juniors' "Secret Hideaway", where refreshments will be served.

Prisoners will be released (if they wish) upon the presentation of a donation to the March of Dimes.

The message of the Juniors to the kidnap victims will be a simple one: "Please become conscious of the fight against crippling birth defects affecting one out of 10 of our newborn babies and make a generous donation, or at least a nominal one."

All funds will be used for the treatment and diagnosis of infants being born either physically or mentally defective, and for research into the causes and prevention of birth defects.

For example, work is be-

ing conducted at San Bernardino Hospital in San Bernardino where a team of medical specialists is concentrating on birth defects.

Diane Thompson will wed Wayne Arington

During a recent service in the Pomona Church of God, the engagement of Miss Diane Thompson of Pomona and Wayne B. Arington of Cucamonga was announced.

The couple plans to marry in the church during August of 1968.

The bride-elect is the daughter of Mr. and Mrs. Granwell C. Thompson of Pomona. She is a 1967 Pomona High School graduate. She studied the business courses and belonged to the Future Homemakers of America Club, Future Business Leaders of America and the Girls' League. Miss Thompson is employed at Newberry's Department Store, Pomona.

Arington, son of Mr. and Mrs. Arlie Arington of 8743

Baker St., Cucamonga, is a 1964 graduate of Upland High School. He attended Chaffey College for two years. He has been in the Air Force one and a half years, and is stationed at Clark Air Force Base, Philippine Islands.

New Arrivals

Mr. and Mrs. Pedro Centeno of 407 N. 10th Ave., Upland, announce the recent birth of a son born Dec. 17 as San Antonio Community Hospital.

Mr. and Mrs. Matthew C. Filpi of 7518 Buena Vista Dr., Cucamonga, announce the recent birth of a son born Dec. 20 at San Antonio Community Hospital.

Funerals are Religious Rites

The final rite has always been a religious service. Even if a family we serve does not have active church affiliations at the time, there is usually a denominational preference. It is important to everyone that is concerned to maintain the traditions and customs in accord with the particular faith. We serve all the religious faiths in our community.

Evangelist West to conduct crusade at Foursquare Church

British Evangelist Neville West will conduct a "New Life Crusade" at Community Foursquare Church, 205 S. Campus, beginning Sunday, Dec. 31, according to Pastor Vivian B. Twyford.

The Rev. West was born in the County of Staffordshire, England. He graduated from Elim Bible College, London, in 1957 and was pastor of churches at Romford and Bognor Regis, Southern England.

He is an accomplished pianist and gave his first concert at the age of five. He has played on major crusades throughout the British Isles and on tour in the United States and Canada. Also, radio Luxembourg and Ibra Radio beamed from Tangier and in Royal Albert Hall in London.

Prior to entering the ministry, the Rev. West was decorating manager for a pottery manufacturing company and now combines his artistic ability in the meetings by painting an oil depicting various scenes from Great Britain, Holland, Canada and U.S.A. with pictorial Biblical scenes.

The painting is completed in fifteen minutes and is awarded the person having the highest number of guests in attendance at the meeting.

The Rev. West considers the most important aspect of his ministry is the preaching

Casa Alegre Auxiliary sets shower

Casa Alegre Auxiliary of Children's Home Society held its December meeting in the Upland home of Mrs. William DeYoung.

Mrs. Royal Keenan, president, introduced Mrs. Tim Dolan, adoption speaker. Children's Home Society adoption procedures and policies were presented by Mrs. Dolan followed by group discussion.

Mrs. Royal Fudge, welfare chairman, announced the auxiliary's Layette Shower would be held in January at the home of Mrs. Ted Lyman.

Active members will provide for various items included in the layettes to be used by Children's Home Society babies. Individual layettes will be assembled at the January meeting.

A theater party will be Casa Alegre's next fund raising event. It will be held Thursday evening, Jan. 25 at the Gallery Theater in Upland. Mrs. David Shobe, ways and means chairman is in charge of ticket sales.

It was announced that patrionesses and associate members of Casa Alegre Auxiliary will be honored at a Valentine's Day tea, Wednesday, Feb. 14, in the Upland home of Mrs. Walter Groeber.

Research scientists estimate it will probably be another 10 years before a practical electric car is in mass production. By then, emissions from the gasoline-powered engine will have long since been controlled, and the electric car will have to offer virtues other than cleanliness.

Cancer dressing women break record for year

Regular monthly meeting of the Upland Memorial Cancer Dressing Station falls on Tuesday, Jan. 2.

Due to a possible misunderstanding, Mrs. Dale Gross, chairman, urged all volunteer members to note there will be no change in date. The meeting place is 611 No. Third Ave., hours 9:30 to 2:30, with time at noon for a sack lunch with

tea, coffee and dessert furnished.

At the December meeting, Mrs. Gross reported 41 women volunteers completed 1470 dressings, breaking a record for the year 1967. All dressings are turned over to the Ontario office of the American Cancer Society for distribution. Dressings are free to cancer patients.

Completes quarter of program

An Upland student has finished his first quarter at the unique new College of Creative Studies at the University of California, Santa Barbara.

John Hamilton Clark, son of Mr. and Mrs. Charles Warren Clark of 2342 N. San Antonio Dr., Upland, is a freshman at the College where he is studying chemistry. The versatile Clark is one of 50 specially selected students who have shown the evidence of a capacity for independent, concentrated, and sustained work in one or more of the fields of study proposed by the college.

Clark is a Regent's Scholar, and although his primary interest is in chemistry, also delves into music, art, oceanography, and skin diving, plus economics, and mathematics. He was the valedictorian of Upland High School in 1967 and was a two-year member of the California State Honor Band.

The College, in its first year, lists instructors who are professionally qualified and continuously productive artists, scholars, scientists, and critics who believe that independently-motivated students are worth singling out, tailoring courses for,

MS schedules Jan. 7 meeting

Tri-County Multiple Sclerosis Activity Group will meet Jan. 7 at 2 p.m. at the YMCA, 215 W. C St., Ontario.

At this meeting will be the election of new officers for the coming year of 1968 and 1969. A business meeting will be held, presided over by the General Chairman Mr. W. M. Munford of Ontario.

Speaker is being arranged for through the Southern California Chapter of the National Multiple Sclerosis Society, should be of interest to those attending.

UCLA alumni scholarship group named

Eight area residents have been appointed to the Pomona district committee of the UCLA Alumni Scholarship Program, Barry A. Knight, District Chairman, announced, including George C. Elser and Mrs. Glenn Deal of Upland.

The committee selects outstanding high school seniors for scholarships ranging from \$350 to \$500. Last year the Pomona district committee awarded two scholarships totaling \$1,000.

4-H studies conservation

Upland Ambassadors 4-H club held their monthly meeting at the home of Mr. and Mrs. Russell C. Norton.

Conservation reports were given by Marilyn Spinelli and Carol Wiersma, Dan Rowland, Gloria Gula and Rebecca Potts gave project reports. Anita Zlak read a 4-H poem entitled "I Believe."

The club visited the San Antonio Ranger Station Thursday, Dec. 21. Chester Cash explained about tree conservation.

JOHN V. BRIGGS

35th District

CALIFORNIA STATE LEGISLATURE

Does the state law requiring instruction of foreign languages for all students in grades 6-8 result in baked programs featuring recordings and readings from Don Quixote?"

The state superintendent of public instruction thinks so, and he is supported in his view by a group whose

right to be concerned is apparent -- the California Council of Foreign Language Teachers Associations.

As a result, we in the Legislature will be asked in our 1968 session to repeal the 1961 Casey Act, which is the basis of the present law, and adopt a new concept in foreign language instruction.

The new concept is that foreign language instruction in the public elementary schools should be emphasized in grades Kindergarten through 6, and that it should be completely funded by the state on a project basis.

As a contrast, the Casey Act requires foreign language instruction for all children in grades 6-8 in all school districts, but provides no state funding.

The council's new concept is to have foreign languages offered as an elective course in only those school districts which qualify on a project basis. And qualification would depend on adequate teachers of the languages to be taught, adequate supervision, and adequate instructional materials.

Elective foreign language offerings are favored by the council because "all students cannot take foreign language."

Apparently the council is not worried that good existing foreign language programs will be dropped if the Casey Act is eliminated. A spokesman said "the only programs that will be dropped are inadequate ones -- and they should be."

The educational programs committee of the State Board of Education, in endorsing the new concept, has asked the council to have a legislative bill embodying the council's proposal ready for committee consideration at its meeting next month.

We were also given an indication of other legislative proposals concerning education earlier this month by the California Teachers Association.

The 160,000-member CTA, through its 450-member State Council of Education, listed these legislative goals during 1968:

To strengthen legislation aimed at resolving conflicts between local boards of education and teachers. (At the same time, the CTA reaffirms its stand against strikes in schools.)

To ask the Legislature to change requirements for passage of local bond issues from the current two-thirds majority to a 60 percent majority vote.

To return the executive officer of the State Teachers Retirement System to civil service status from appointive status, reversing the change made during our last legislative session.

To establish instructional aide permits for "para-professionals" assisting teachers in actual instructional tasks.

To seek \$155 million in state financial aid for schools next year for "program improvement and indirect property tax relief."

Aim of the proposal is to use \$155 million set aside for property tax relief by making it unnecessary for many local districts to raise taxes next year to maintain current educational programs. It would be financed out of the 1-cent hike in the state sales tax, passed by us this year.

A Resolution For The New Year
I believe that my freedom to operate a motor vehicle on the public streets and highways is a privilege; a privilege to be enjoyed by all good citizens who are willing to accept the responsibilities of driving.

I believe those responsibilities include the careful, courteous, and lawful operation of the car I drive; and that such driving demands my constant, undivided attention.

I believe that the vehicle I operate can be a source of pleasure, a convenience and a necessity to myself and my family, but that when driven in an unsafe manner it may take my life and the lives of others.

I believe in the democratic process by which the laws of our land are enacted, and I willingly accept as a responsibility of driving the provision that I shall maintain at all times the same high respect for traffic laws that I have always had for all other laws which protect me.

VICTORIOUS SEASON -- Members of the Upland Hawks representing the Mt. Baldy Pop Warner Football Conference proudly display with their coaches the trophy

obtained by defeating a midget team from Hawaii Sat., 14-13, in a Steeler Bowl game at Fontana.

Hawks win bowl game

Upland's Pop Warner Midget football team completed a successful football season Saturday by coming from behind in the final period of play to defeat the Punchbowl Allis (Chiefs) from Hawaii, 14-13, in the Steeler Bowl at Fontana.

It was a thrilling contest from beginning to end, climaxing the final game of three played that day. In the first game the Claremont Buccaneers defeated the Dallas White Rock Rebels (Texas state champs) in the Peewee division, 6-0, followed by 39-0 trouncing of the Ontario Huskies by the West Vancouver Rams of Canada in the Junior Bantam clash.

The Hawks and Allis began their game in partial daylight and ended up under the lights in the second half.

Jumping off to a quick 6-0 lead the Hawaiian team marched 41 yards after stopping Upland on the game's first series of plays. Halfback Larry Ahnee completed the drive with a 25-yard touchdown jaunt on a reverse play off right tackle. Realizing the advantage of a successful try for the extra point Upland's Rudy Alonso thwarted the Allis' PAT attempt by stopping the visitors' Lloyd Cerelejo short of pay-dirt.

After both teams had used

up most of the first quarter to register a score the Hawks made a blunder by turning over possession of the pigskin to their opponents on the Upland 32. This was all that was required for the Hawaiians to get a TD drive in motion.

Three plays later at the beginning of the second period Robert Diana surprised the Hawks' defense by sweeping around left end for a 24-yard gallop for the score. The Allis upped their lead to 13-0 when Barney Yuen bowed over for the PAT on a quarterback keeper.

Realizing that they had to get back in the ball game the Uplanders took the kickoff and determinedly bulled their way from their own 30 for a tally. Aerials filled the air in the drive, in which Alonso threw a final pass to Gary Ware who corralled the toss on the seven yard line of Hawaii. Two plays later Neal Boring burst over from the 4 to score. The PAT attempt was also successful when Ralph Valadez stumbled into the end zone.

Upland had a chance to tie the score before intermission when they again had possession on the Allis' four yard line with a first and goal. But the visitors held as three pass attempts and

a running play proved unsuccessful. It wasn't until two minutes had elapsed in the fourth quarter when the Hawks stopped a Hawaiian drive and took over on their 33. It took the Hawks just seven plays on a combination of off tackle and end sweeps to set up the final tally.

With second and fourth on the Allis' eight yard line Paul Abrego took a handoff from Alonso running around

NOTICE OF IMPROVEMENT UPLAND TOWNCENTER ASSESSMENT DISTRICT NOTICE IS HEREBY GIVEN that the City Council of the City of Upland, California did, on the 19th day of December, 1967, pass and adopt its Resolution of Intention No. 2037 proposing to order the construction and installation of the work and improvements herein referred to as the central kiosk, located in the intersection of Ninth Street and Second Avenue, and containing a basement for the placement and maintenance of the electrical power distribution center of this improvement district, a base- ment sump pump, a cast iron pipe drain line from the sump, a stairwell, retaining wall, band platform, a sound distribution center, roof, a brick island area around said central kiosk, and sewer and telephone manholes, the removal of existing pavement, gutter, drive approaches, alley approaches, curb, sidewalk, drainage structures, trees, signs, posts, roof drain lines, and all other obstacles in the line of work, provided, however that existing curb, gutter and sidewalk shall remain in place, except in all places where tree wells are to be constructed, existing underground roof drains are to be replaced, obstacles removed, broken or damaged sidewalk squares are to be replaced, and also at the locations hereinafter generally described, all as shown upon the plans of said work on file in the office of the City Clerk of said City of Upland.

NINTH STREET AND SECOND AVENUE. The con-

struction and installation of concrete curb, concrete curb and gutter, concrete sidewalk, terrazzo sidewalk, concrete drive approaches, asphalt concrete pavement, concrete crosswalk spandrels, the seal coating and overlaying of existing pavement as hereinafter set forth, traffic control signs, brick walls, brick crosswalks, brick drive approaches, underground east iron pipe roof drains, storm drain systems of reinforced concrete inlet and outlet structures, corrugated metal pipe culverts (partially encased in concrete), a reinforced concrete box culvert, brick tree wells, brick walls, landscape area islands, trees, tree guards, plants, striped parking stalls with concrete parking stops, in Ninth Street from a point in its intersection with First Avenue 10.33 feet east of the center line of First Avenue to a point in its intersection with Third Avenue 771.89 feet east of said center line of First Avenue, and in Second Avenue from its intersection with the center line of "A" Street to a point in its intersection with "C" Street 894.47 feet north thereof, and including in Second Avenue application of a slurry seal coat and asphalt concrete pavement overlay of existing pavement, except for the installation of asphalt concrete pavement in the middle portion of Second Avenue between Stations 1-00 (the center line of "A" Street) to 1-53, 3-01 to 3-66, 5-00 to 6-58, 7-70 to 8-36, and 9-40 to "C" Street, as shown upon said plans around the crosswalk and landscape areas to be constructed in said portions of Second Avenue, and also including the construction of concrete driveway approaches upon the west side of Second Avenue between Stations 4-77 and 5-02 and on the north side of Ninth Street between Station 4-59 and 7-81 of said plans.

Said proposed work and improvements are generally described as follows:

The construction and installation of the following described work and improvements, including appurtenances and appurtenant thereto, clearing and grubbing, roadway excavation and embankment, the adjustment to grade of existing water and gas meter boxes, water valves and covers, and sewer and telephone manholes, the removal of existing pavement, gutter, drive approaches, alley approaches, curb, sidewalk, drainage structures, trees, signs, posts, roof drain lines, and all other obstacles in the line of work, provided, however that existing curb, gutter and sidewalk shall remain in place, except in all places where tree wells are to be constructed, existing underground roof drains are to be replaced, obstacles removed, broken or damaged sidewalk squares are to be replaced, and also at the locations hereinafter generally described, all as shown upon the plans of said work on file in the office of the City Clerk of said City of Upland.

On the north side of Ninth Street 198 feet east of the intersection of Ninth Street with the center line of First Avenue:

On the north side of Ninth Street 556 feet east of the intersection of Ninth Street with the center line of First Avenue:

On the west side of Second Avenue 218 feet north of the intersection of Second Avenue with the center line of Second Avenue:

On the east side of Second Avenue 666 feet north of the intersection of Second Avenue with the center line of "A" Street, and each being equipped with a bulletin board, a directory board, a mail drop unit, a telephone service outlet, electric power and electric lights, and four smaller pavilions hereinafter referred to as service kiosks, located:

On the north side of Ninth Street 198 feet east of the intersection of Ninth Street with the center line of First Avenue:

On the north side of Ninth Street 556 feet east of the intersection of Ninth Street with the center line of First Avenue:

On the west side of Second Avenue 218 feet north of the intersection of Second Avenue with the center line of Second Avenue:

On the east side of Second Avenue 666 feet north of the intersection of Second Avenue with the center line of "A" Street, and each being equipped with a bulletin board, a directory board, a mail drop unit, a telephone service outlet, electric power and electric lights.

Conduit to all of said telephone outlets shall be installed in Ninth Street and Second Avenue from the existing telephone services of General Telephone Company of California located at the northwest corner of the intersection of Ninth Street with the first north-south alley west of Third Avenue and the first north-south alley east of First Avenue.

A public address, pedestrian and traffic control, and sound distribution system, with rack, amplifier, record player, control panel, microphones, loudspeaker, conduit, conductors, and outlet boxes.

An ornamental electric street lighting system to serve all of the aforesaid areas of Ninth Street and Second Avenue, and including underground wiring, ornamental street light standards, twinkle light strings, and fixtures.

An irrigation supply and distribution system, including underground piping, heads, boxes, valves, clocks, and other fittings and control equipment to serve all of said areas of Second Avenue.

The aforesaid street pavement to be installed shall be pavement overlay only, except that new asphalt concrete pavement shall be installed between Stations 2-70 and 2-99, 4-30 to 5-30, 6-59 to 6-89. The northerly three feet of pavement shall be removed between First Avenue and Station 2-70 and replaced with new asphalt concrete pavement. Pavement work between Stations 5-90 and 6-59 shall consist of trench repair only. New sidewalk shall be constructed in the existing unpaved parkways. Existing liquidambar trees shall remain in place, the existing pepper tree at Station 2-55 shall be removed, and new liquidambar trees will be planted at intervals where there are no existing parkway trees.

"C" STREET FROM THE ALLEY BETWEEN FIRST AND SECOND AVENUES TO THE ALLEY BETWEEN SECOND AND THIRD AVENUES. Concrete sidewalk, concrete drive approaches, concrete spandrels, traffic control signs, tree wells, trees, brick walls, asphalt concrete pavement, ornamental electric street lighting system, including underground wiring, ornamental light standards and fixtures, an irrigation supply system to serve said tree wells, and consisting of the same equipment.

The aforesaid street pavement to be installed shall be pavement overlay only, except that new asphalt concrete pavement shall be installed between Stations 2-70 and 2-99, 4-30 to 5-30, 6-59 to 6-89. The northerly three feet of pavement shall be removed between First Avenue and Station 2-70 and replaced with new asphalt concrete pavement. Pavement work between Stations 5-90 and 6-59 shall consist of trench repair only. New sidewalk shall be constructed in the existing unpaved parkways. Existing liquidambar trees shall remain in place, the existing pepper tree at Station 2-55 shall be removed, and new liquidambar trees will be planted at intervals where there are no existing parkway trees.

"C" STREET FROM THE ALLEY BETWEEN FIRST AND SECOND AVENUES TO THE ALLEY BETWEEN SECOND AND THIRD AVENUES. Concrete sidewalk, concrete drive approaches, concrete spandrels, traffic control signs, tree wells, trees, brick walls, asphalt concrete pavement, ornamental electric street lighting system, including underground wiring, ornamental light standards and fixtures, an irrigation supply system to serve said tree wells, and consisting of the same equipment.

The aforesaid street pavement to be installed shall be pavement overlay only, except that new asphalt concrete pavement shall be installed between Stations 2-70 and 2-99, 4-30 to 5-30, 6-59 to 6-89. Congressman Pettis previews 68

SAN BERNARDINO (CNA) -- Congressman Jerry Pettis characterized the drive for the Republican nomination for President as a "horse race" but did not make any predictions about who the winner would be.

Pettis predicted in a news conference that "whoever the Republican nominee is will stand a good chance of election - if the things in Viet Nam are unchanged. The deciding majority will be provided by the Democrats.

"Viet Nam may not be an issue in 1968," Pettis said, "it will be if things are unchanged; it won't be if the President is holding out and the Viet Cong are about ready to collapse."

"Viet Nam is a messy business and I see no alternative but to win the war as quickly as possible. Give the Viet Namese the kind of government they want, and bring our boys back home."

"He reflected a cautious optimism that things may be going a little better in Viet Nam and announced he would make a side trip there along with his official inspection tour of three tracking stations in Australia and our scientific base in Antarctica.

Christmas seals aid researchers

Medical research received a \$114,030 shot in the arm last year, thanks to Christmas Seals.

President Alvin Z. Tucker, M.D., of the Tuberculosis and Health Association of San Bernardino County said local contributions helped to support a statewide program providing research grants for 18 leading and scientific investigators and special fellowships for 14 medical students at research centers throughout California.

Another \$28,500 in Christmas Seal funds are helping to support chest medicine teaching at UC medical school, San Francisco, San Francisco General Hospital, Loma Linda medical school and USC Medical School, Los Angeles, he said.

Dr. Tucker said research awards totaling \$97,680 are underwriting a wide range of investigations aimed at unveiling new information about tuberculosis, emphysema and other respiratory diseases. Among these are:

Development of a blood test that may make it possible to detect a "silent" case of tuberculosis before the person becomes infectious, and to cut the time required to confirm diagnosis of TB from weeks to days.

An in-depth investigation of how the lungs of the unborn child work, aimed at solving some mysteries of respiratory difficulties in the newborn.

A study of the changes in function and structure of the lungs of "heavy" horses afflicted with emphysema that may lead to better understanding of the crippled lung diseases in man.

Christmas Seal research funds also are supporting a behavioral study at the San Francisco health department of out-patient TB clinic and the establishment of a community respiratory disease program in Los Angeles.

Dr. Tucker said that \$11,350 award in special fellowships enabled 14 medical students to conduct research during the summer months. The awards, ranging in size from \$800 to \$1,000 went to promising young students at USC School of Medicine, Los Angeles, Stanford University medical school, Palo Alto, and Loma Linda University medical school. A post-doctoral fellowship for \$5,000 was also awarded from Christmas Seal funds.

"Each of California's 45 local tuberculosis associations contributes a percentage of its yearly Christmas Seal returns to a statewide fund which supports these investigations and studies," he explained. "From this fund, a volunteer committee of scientific investigators awards the grants and fellowships."

"Without Christmas Seals," Dr. Tucker added, "much vital research in TB, emphysema and other respiratory diseases could not be carried on. We hope that our present campaign will allow Christmas Seals to do even more toward disclosing the unknowns of these crippling diseases and helping their victims."

Between 1500 and 2000 color slides per month are shot at Orthopaedic Hospital. Most of these are pictures of patients that show "before" and "after" conditions. Used for medical purposes, the pictures often show dramatic improvement of crippling conditions.

as a member of the House Science and Astronautics Committee.

"I will leave the day after Christmas and return around Jan. 12," Pettis said. "I will be flying from San Bernardino to DaNang, South Viet Nam, for a three day visit. While there, I will fly to an aircraft carrier in the Gulf of Tonkin to watch combat operations, visit some refugee camps I visited on a previous trip, to see how much they have improved, and some South Viet Nam military units.

"I want to visit Saigon to

get a picture of the governmental structure and one province to see what they've done in terms of governmental structure, schools, police and health, and to talk to some officials.

Pettis said that he thought General Hershey had been doing a pretty good job with the draft and that he approved student deferments and the induction of those not planning to continue school.

After leaving Viet Nam, Pettis will go to Thailand, where he plans to visit the northern border and check on reported increases in communist infiltration. After

that, his trip will take him to see the tracking stations.

From Australia, he will fly to McMurdo Sound in the antarctic for a three day inspection tour, and then return to Washington, D.C.

Pettis said that he thought General Hershey had been doing a pretty good job with the draft and that he approved student deferments and the induction of those not planning to continue school. He noted that many of these men would receive training and discipline in the military service that they might not get otherwise.

by Walt Davis

About this time of the year it is common for columnists and others to sit back and ponder the past year and peer into the cloudy crystal ball to learn what will happen during the new year.

Happily, most of those predictions are forgotten soon after the name of the Rose Parade queen. That's why it's safe to sit here and make predictions. ***

Columnists are kinds like politicians. They know the public's memory is short, and so they can speak freely. Their errors and wild statements are forgotten, if not forgiven, before the next New Years prediction production.

Knowing full well that the world will little heed nor long remember what is said here, maybe I'll make some predictions for 1968.

Christmas in 1968 will fall on Dec. 25. How's that for a start?

But where do I go from here? Shall I predict that Clayton Stanhope will run for Montclair City Council and the Republican nomination to the state assembly in the 35th District? That's about in the category of the prediction on the date of Christmas.

I'll try John Quimby in the field of politics -- he'll get re-elected. At least five Republicans will try for the nomination, but the one who wins the primary will come out second best in November. ***

My prediction on the Vietnam situation: it will continue to get worse before it

For Youth

Heart Association proposes resolution

"Resolved, that I will not start smoking cigarettes, a habit which may be hard to break, and which may cost me my life."

With youthful cigarette smokers increasing at the rate of more than 1 million a year, the San Bernardino County Heart Association proposed the foregoing New Year's resolution for the young people of this country.

The Association pointed out that damage to the heart and lungs begins early among cigarette smokers, and that there is evidence to indicate young tissues are more severely affected than old.

"Before becoming addicted to cigarettes," said the Association, "the young person should know that a number of disorders -- among them heart attack, stroke, hypertensive heart disease, lung cancer, emphysema, chronic bronchitis and peptic ulcer -- are triggered or aggravated by cigar-

ettes."

"These and other cigarette-associated disorders are responsible for more than 125,000 premature deaths in the United States each year, and are believed responsible for about 20 per cent of all time lost from business and industry," the Association added.

Cigarette smoking is not only costly to health but to the pocketbook as well, the Association said, pointing out that the expense for the first ten years of smoking may well exceed \$3,000 -- almost enough to finance one year of college education.

The Association emphasized that the best way to deal with the cigarette problem is to refrain from taking the first puff. If this is done, said the Association, the individual not only avoids the possibility of illness and premature death but also the added problem of having at some time to discontinue smoking.

Judges appointed for awards plan

Three prominent county leaders have been appointed judges in the annual awards program of the San Bernardino County Council of Community Services.

They are Daniel D. Michael, Chairman, Board of Supervisors; G. David Ackley, Editor, San Bernardino Sun-Telegram; and Dr. George H. Armacost, President, University of Redlands.

The panel will make final evaluations of nominations submitted in four categories:

1. A volunteer worker for distinctive service in the health and welfare field, to be designated "Humanitarian of the Year."

2. An individual or department of county government for outstanding achievement in the health and welfare field.

3. A community voluntary organization such as a service club, civic group, community service organization, fraternal or social group, for a significant contribution, fraternal or social group, for a significant contribution to health and welfare needs.

4. An organizational employee of any voluntary or tax-supported non-profit

health and welfare agency for a noteworthy contribution in the health and welfare field.

The awards will be presented at the Council's annual meeting on Friday, Jan. 26, at the Ontario Elk's Club.

Before presentation to the panel of judges, nominations will have been screened by seven area committees throughout the county, chaired by Dean Painter and Mrs. Myrtle Wilkins, co-chairmen in San Bernardino; Lee Dolch, Victorville; Doris Bray, Trona; Chester Ellis, Twenty-nine Palms; Elliott Weir, Upland; Wesley D. Bush, Fontana; and the Rev. Richard Moore, Barstow.

BOXING DAY

Boxing Day, celebrated in England the first weekday after Christmas, may have received its name from the custom of giving Christmas boxes on that day to tradesmen, servants, lamp-lighters, postmen and others. Nowadays many families give small amounts of money instead of boxes.

Rodeo approved

Official approval for the two-day Sheriff's Rodeo featured at the 53rd National Orange Show in San Bernardino, March 7-17, has been granted by the Rodeo Cowboys Assn., Inc.

The rodeo is scheduled to explode into action in the exposition's Orange Bowl at 2 p.m., both Saturday and Sunday, March 16-17. The annual Rodeo Parade starts at noon Sunday, March 17, in downtown San Bernardino.

A purse of \$3,000, with an additional purse of \$250, plus entry fees, with the winner get-

try fees added, is being offered in the nation's cowboys in the six standard rodeo events, according to James Holloway, San Bernardino County Sheriff's administrative assistant, and Sgt. Phil Schuyler, rodeo co-chairman. A trophy saddle will again be awarded to the All-Around Cowboy and Silver Spur trophies go to all first place winners.

The officially sanctioned Girls' Barrel Race carries silver spurs as added award.

The San Bernardino

County Sheriff's Rodeo, one of the largest and most colorful in the Southwest, is again being sponsored for the 12th consecutive year by the Sheriff's Employees Benefit Association. Proceeds go to the organization's charitable projects according to Det. Glenn Terry, president.

Salt should be made available to calves as soon as they begin eating concentrates or any dry feed. Up until then, their salt needs have been met in the milk they have been drinking.

Gift response overwhelms fire victims

"We can't possibly use everything that has been given to us," said Mrs. Consuelo Munoz, a Cucamonga mother whose small three room frame home burned to the ground five days before Christmas.

"I didn't know there were so many nice people," she said after toys, clothing, and food in large quantities had been delivered to her mother's home at 611 E. Ralston, Cucamonga.

Mrs. Munoz, 22, explained to Cucamonga fireman last Wednesday that her home at 9786 Main Street, apparently caught fire when she lit the gas range in the kitchen to warm up the house. She said that she opened the windows to let the fumes escape and while she napped, the wind apparently blew a window curtain across the open flame.

"My oldest girl, Clara, 7, woke me up and it was all we could do to get out," she said.

She grabbed the baby, Angel, 1, in her arms and pulled Frankie, 2, behind her as she led the family through the only exit.

Cucamonga Fire Chief Arvid Lewis said that when his firefighters arrived on the scene, the building was enveloped in flames, and "there wasn't much we could

ANGOLA, INC., STEUBEN REPUBLICAN: "It is becoming more and more apparent that there are no brakes to the 'inflation car' everyone is riding in today. Everyone agrees that rampant, uncontrolled inflation is not desirable, yet one by one the restrictions have been lifted . . . Now we are in a time when there seems to be little restraint. More is asked and more given in wages, material and prices, so that we now are in galloping inflation. Like a run-away car without brakes, it appears that now there is nothing to stop the inflation except a crash. Call it recession, depression, readjustment, or just plain hard times, it appears to be the next stop in the economic cycle."

all statutory exemptions, or by a corporate surety bond to the satisfaction and approval of said City of Upland.

Said sealed bids or proposals shall be delivered to LC. HAROLD TERRY, Purchasing Agent of said City of Upland, California, on or before 3:00 P.M. on Thursday, the 18th day of January, 1968 at his offices in the City Hall in the City of Upland, California. Said sealed bids shall be identified on the outside of the envelope with the words "Bid - Upland Town Center" and with the "Contract" for which the proposal is being submitted designated thereon. Bidders, desiring to bid on more than one of said SIX CONTRACTS, shall submit proposals for each contract in separate sealed envelopes. Bids received shall, immediately after said 3:00 P.M. bid closing time, be taken to the council chambers in said City Hall and immediately opened, examined and declared by ELWIN ALDER, City Manager of said City of Upland, at a public hearing called at that time and place by said City Manager. Said City Manager shall report the results of said bidding to the City Council of said City of Upland at its regular meeting of January 23, 1968.

Copies of the plans, special provisions and contract documents are on file and may be examined in the office of the Purchasing Agent of said City of Upland, City Hall, Upland, California, and the standard specifications of said City of Upland are on file and may be examined in the office of the City Engineer of said City of Upland, City Hall, Upland, California. Copies of the plans, special provisions and contract documents may be obtained from the office of said Purchasing Agent for a fee of \$5.00 per set for each of "Contract" or for a fee of \$15.00 per set for sets of plans, special provisions and contract documents for all six "Contracts". Additional plans for each "Contract" may be obtained for a fee of \$3.00 for each "Contract" or for a fee of \$7.50 for plans for all six "Contracts". Copies of said standard specifications may be obtained from the office of said City Engineer for a fee of \$4.25 each. Fees paid for sets of plans, special provisions and contract documents, for plans only, or for standard fundable specifications are not refundable.

Said City Council reserves the right to reject any and all bids and proposals should it deem this for the public good, and also the bid of any bidder who has been delinquent or unfaithful in any former contract with said City of Upland, and the right to award the contract within 45 days thereafter.

NOTICE INVITING BIDS FOR 1911 ACT STREET IMPROVEMENT BONDS OF THE CITY OF UPLAND, COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA

UPLAND TOWN CENTER ASSESSMENT DISTRICT

NOTICE IS HEREBY GIVEN that the City Manager of the City of Upland, County of San Bernardino, State of California, will, at the hour of 2:00 o'clock P.M., Pacific Standard Time, on Monday, the 22nd day of January, 1968, open sealed bids or proposals for the purchase of bonds to be issued in accordance with the provisions of the Municipal Improvement Act of 1913, Division 12 of the Streets and Highways Code of the State of California, and the Improvement Act of 1911, Division 7 of said Streets and Highways Code, for the construction and installation of the improvements contemplated in the Upland Town Center Assessment District in said City of Upland. Sealed proposals or bids may be delivered to the Purchasing Agent of said City of Upland up to the hour of 2:00 o'clock P.M. of said day.

Said bonds shall be issued to represent all unpaid assessments as shown on the certified list of unpaid assessments in said proceedings. Said bonds will be dated February 24, 1968, and shall bear interest at the rate to be determined at the sale thereof, provided, however, that said rate shall not exceed the maximum rate of six percent (6%) per annum. Only one interest rate may be bid, which rate may be stated in any multiple of one-twentieth of one percent (1/20th of 1%). No bid for a part of said bonds will be considered.

All proposals or bids shall be accompanied by cash, a cashier's check, or a certified check payable to said City of Upland, for an amount which shall not be less than ten percent (10%) of the aggregate of the proposal, or by a bond for that amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer an oath, in double that amount, and over and above

Code of the State of California, the Improvement Act of 1911. These bonds shall be serial bonds, shall not exceed sixty-one (61) in number, and shall be of varying principal amounts, not exceeding the amount of \$270,545.30, and shall extend over a period ending fourteen (14) years from the second day of January next succeeding the first day of September following their date. The principal of said bonds shall be payable by coupon in fifteen (15) even annual installments, payable on January second of each year, beginning January 2, 1969. The first interest shall be payable on July 2, 1968, and thereafter the interest shall be payable semi-annually on January second and July second of each succeeding year of the term of the bonds.

The redemption provisions of each of said bonds shall provide for the payment of a premium of five per cent (5%) of the unmatured principal thereof, and the redemption principal thereof, and the interest thereon are payable in lawful money of the United States at 130 E. 9th St. Upland, Calif. 91786, which business was formerly composed of the following persons, whose names in full and place of residence are as follows, to-wit:

Larry and Flora A. Magnon D.B.A. Advance T.V. Sales and Service at 130 E. 9th St. Upland, Calif. 91786

Certificate for transaction of business under the above fictitious name, and affidavit of publication thereof, are on file in the office of the County Clerk of San Bernardino County, under the provisions of Section 2466 of the Civil Code.

WITNESS my hand this 27th day of October, 1967.

Larry Magnon

Subscribed and sworn to before me this 27 day of October 1967

Angie Nelson

NOTARY PUBLIC in and for the County of San Bernardino, State of California (SEAL)

Upland News No. 3053

Publish: Dec. 20, 27, 1967

Jan. 3, 10, 1968

NOTICE OF TRUSTEE'S SALE T.O. No. 67-4863

On FRIDAY, January 5, 1968, at 11:00 A.M., TITLE INSURANCE AND TRUST COMPANY, as duly appointed Trustee under and pursuant to Deed of Trust dated April 8, 1963

Executed By: GABRIEL D. ACITO, an unmarried man and recorded April 24, 1963, as Instr. No. 257, in book 5895, page 788, of Official Records in the office of the County Recorder of San Bernardino County, California, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) at the northern entrance of the County Courthouse in the City of San Bernardino, California, all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State described as:

Lot 15, Tract No. 5068, in the City of Upland, County of San Bernardino, State of California, as per map recorded in Book 63, Pages 25 and 26 of Maps, in the office of the County Recorder of said county.

Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note secured by said Deed of Trust, to-wit: \$15,792.56, with interest from April 1, 1967, as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, to the date of delivery of the bonds at no expense to the bidder.

A certified or cashier's check upon a responsible bank or trust company in the amount of ten per cent (10%) of the amount of the bonds payable to the order of the City of Upland must accompany each proposal as a guarantee that the bidder, if successful, will accept and pay for the bonds described in the accepted bid in accordance with the terms of his bid. The proceeds of such check shall be applied on the purchase price of the bonds, or, if such bid is accepted but not performed, shall be retained by the city as and for damages, unless such failure of performance shall have been caused by an act or omission of said City of Upland. The check accompanying each unaccepted proposal will be returned promptly to the bidder thereof.

Payment for and delivery of the bonds will be made in the office of the City Treasurer of the City of Upland, California. It is anticipated that delivery of the bonds will be made on or about March 1, 1968.

The opinion of John T. Ganahl, of Ganahl & Ganahl, Attorneys at Law, with offices in Corona, Riverside County, California, approving the validity of said bonds will be furnished the successful bidder at or prior to the date of delivery of the bonds at no expense to the bidder.

This project consists of the improvement of the public streets and alleys in the center of the downtown business area of the City of Upland, County of San Bernardino, California. The estimated cost thereof is as follows:

Optimist Plan entry for Rose Parade

Announcement was made today by Tom Ainsworth, president of the Optimist Club of Upland-Ontario, that the local group would be represented in the famed Tournament of Roses Parade on New Year's Day.

Cooperating with the International organization Upland-Ontario Optimist will proudly present to the one and a half million who personally view the spectacular event in Pasadena, and to an estimated 100 million television viewers, a gigantic float that is 17 feet high, 20 feet wide, and 55 feet long.

It's unique construction and subject matter will be in keeping with the parade theme this year, "Wonderful World of Adventure," and will dramatically tell the story of Optimists' service to youth.

The actual construction of the Optimist float, according to President Ainsworth began in early September and as none but real flowers may be used, the actual placing of the blossoms must be done in the final forty-eight hours ahead of January 1. Over 300,000 flowers (mostly chrysanthemums) will be used, with the color of each matching the implied color of the designer's conception.

Hundreds of organizations and companies try, but only sixty floats are allowed to enter the annual extravaganza so it is understandable why the Optimists are most proud that the plans for their organizations' entry passed the rigid inspection of the

Pasadena Float Committee. President Ainsworth said that float designs are closely guarded secrets almost up to parade time but, all reports from those who have viewed the scale model, indicate that the Optimist entry will be one of the most outstanding.

All that could be divulged was that the smallest part of the whole float was to be a green frog, six feet tall, and that three motorized vehicles which move independently will be necessary to move the Optimist float along the parade route down Pasadena's Colorado Boulevard. Their movements must be coordinated by walkie-talkie units in the hands of the three drivers.

The Upland-Ontario Optimists join nearly 100,000

fellow Optimists throughout the United States and Canada in inviting the public to view the Tournament of Roses Parade and trust they enjoy the efforts of the 2550 clubs and their members which will make possible the participation of Optimist International.

COLLEGE TICKTOCKERS -- of the National Charity League are seen above at the tea table as members gather for the annual Christmas Brunch at the home of Miss Patricia Yetter in Upland. Among the guests were the

College Ticktockers gathered for annual Christmas Brunch

Reminiscing over earlier days, renewing acquaintances and welcoming new members was on the agenda when college Ticktockers of Foothill Chapter, National Charity League held their

District president speaks at American Legion meeting

Upland Unit 73 of the American Legion Auxiliary held their December meeting at the home of Mrs. Ethel Marsh, 1099 West 16th St.

Special guests that evening were Mrs. Claudine Scott, twenty-fifth district president; Mrs. Angeline Wilson, first vice-president of the district; and Mrs. Lilly Walker, rehabilitation and Patton Hospital Chairman.

Mrs. Scott reminded the Auxiliary of the organization's vastness. The American Legion Auxiliary is the

annual Christmas Brunch in the Upland home of Miss Patricia Yetter.

Holiday decor and a color scheme of green and gold prevailed in the George Yetter home, 555 Harford Pl.,

for the 10:30 a.m. event when girls discussed their various college activities and later enjoyed bridge.

Greeting guests on their arrival were the hostess Miss Yetter, Miss Kathy Brewer, president of college Ticktockers and Miss Ann Mac Sween, vice president and secretary.

Mrs. J. Doug Robertson, president of Foothill Chapter, N.C.L., and Mrs. Yetter, college coordinator, presided over the beautifully appointed tea table laid with green net cloth and centered with an arrangement of poinsettias flanked by tall red tapers in silver candleabra.

Attending the gala affair were, Miss Kay Ackerson, University of Southern California; Miss Mary Ann Anderson, University of California at Davis; Miss Brewer, Chaffey College; Miss Linda Casler, Chico State;

Miss Patricia Gibson, Chaffey College; Miss Mac Sween Chaffey College; Miss Barbara Plasman, Chaffey College; Miss Linda Reierson, Chaffey College; Miss Gall Robertson, University of Southern California; Miss Jane Skewis, California State Polytechnic College; Miss Susan Vavrinek, San Jose State and Miss Yetter, University of Nebraska.

World's largest women's patriotic organization. Its responsibility is to teach and preach Americanism constantly.

The correct way to pledge allegiance to the flag was one aspect brought up. Mrs. Scott also discussed "Operation Send-off," Norton Air Base.

Mrs. Walker, District Rehabilitation Chairman, told of a special need of bed soakers and restraining bands in hospitals. The Patton Veterans Party was held December 15.

Other business discussed at the meeting included announcement of the current project, called "New Life, New Hope." It involves collection for new hospital facilities in Malasia, according to Mrs. Lillis Griffith, foreign relations chairman.

Mrs. Ethel Marsh moved that \$25 be contributed to the Upland Community Christmas Basket Program.

A retired blacksmith, Mr. English was a native of Utah and had lived in Upland 23 years. He moved in Chino in 1953, making him a West End resident 74 years. He was a member of Pilgrim Holiness Church of Rialto.

Surviving are his widow, Mrs. Grace English; a son, Donald E. English of Upland; three daughters, Mrs. E. K. Mortensen of Clinton, Utah, Mrs. Leslie Guengerich of Upland and Mrs. Frank Ptaszek of Mechanicsburg, Pa.; a brother, R. P. English of Portland, Ore.; a sister, Mrs. May Galloway of Riverside; and nine grandchildren.

Services were conducted at Draper Memorial Chapel, followed by entombment in Bellevue Mausoleum.

Services were conducted at Draper Memorial Chapel, followed by entombment in Bellevue Mausoleum.

Special services were conducted Saturday for Edward R. English, 82, of 2440 Vista Dr., Upland, who died the previous Wednesday in San Antonio Community Hospital.

Our men in service

Donald Barrett

Donald W. Barrett, son of Mr. and Mrs. Wolsey Barrett Jr. of 389 Deborah Ct., Upland, has been promoted to sergeant in the U.S. Air Force.

Sergeant Barrett is a personnel specialist at Sheppard AFB, Tex. He is a member of the Air Training Command.

The sergeant, a graduate of Ganesha High School in Pomona, attended California State Polytechnic College at Pomona.

His wife, Vicki, is the daughter of Mr. and Mrs. Lloyd Beaton of 4514 Bander, Montclair.

Richard Masluk

Second Lieutenant Richard Masluk, son of Mr. and Mrs. C. Masluk of 752 N. 8th Ave., Upland, has entered U.S. Air Force pilot training at Reese AFB, Tex.

Lieutenant Masluk will fly the newest Air Force jet trainers and receive special academic and military training during the year-long course. He will be awarded silver pilot wings upon completion of the Air Training Command flying program.

The Lieutenant, a graduate of Upland High School, earned his B.S. degree from the University of San Francisco. He received his commission in 1967 upon completion of Officers Training School at Lackland AFB, Tex.

His wife, Bonnie, is the daughter of Mr. and Mrs. Tom W. McAfee of McAfee Tom W. McAfee of 1261 Humboldt, Los Osos, Calif.

Sidney Powell

Seaman Apprentice Sidney T. Powell Jr., USN, son of Mr. and Mrs. Sidney T. Powell of 956 Sycamore Ct., Upland, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Rex Hart

Dec. 8--Seaman Recruit Rex William Hart, USN, son of Mr. and Mrs. Dale W. Hart of 8535 Madrone Ave., Cucamonga, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Practically all the new passenger cars built for railroads in the United States during the past 20 years have been sheathed in gleaming nickel stainless steel.

James Keebler

Army Second Lieutenant James S. Keebler, 23, son of Lieutenant Colonel (Ret.) and Mrs. Joseph F. Keebler, 1366 N. Third Ave., Upland, was assigned as an inland water operations officer with the U.S. Army Terminal Command's 11th Transportation Terminal Command, Rhine River Terminal, near Mannheim, Germany, Dec. 1.

Lt. Keebler was graduated from California State Polytechnical College, Pomona, Calif., in 1966 with a B.S. degree.

Army Second Lieutenant James S. Keebler, 23, son of Lieutenant Colonel (Ret.) and Mrs. Joseph F. Keebler, 1366 N. Third Ave., Upland, was assigned as an inland water operations officer with the U.S. Army Terminal Command's 11th Transportation Terminal Command, Rhine River Terminal, near Mannheim, Germany, Dec. 1.

Lt. Keebler was graduated from California State Polytechnical College, Pomona, Calif., in 1966 with a B.S. degree.

Louis Mackall

Engineman Third Class Louis K. Mackall, USN, son of Mr. and Mrs. Ben L. Mackall of 7973 Valle Vista, Cucamonga, has reported for duty aboard the attack transport USS Okanogan in San Francisco.

His ship, named for Okanogan County, Washington, and commissioned in December, 1944, is now undergoing shipyard overhaul.

Since commissioning the Okanogan has served in World War II, Korea, Cuba and Vietnam.

John Gordon

Airman John L. Gordon, USN, son of Mr. and Mrs. Jack L. Gordon of 8267 1/2 Tapia Via, Cucamonga, participated in "Blue Lotus," the largest U.S. First Fleet Exercise in three years, aboard the nuclear powered attack aircraft carrier USS Enterprise.

The exercise was held off the coast of Southern California from Nov. 28 to Dec. 9. It involved 24,000 men in 45 ships, and six air units.

The strike force phase of the exercise involved maneuvers to train participating ships in the type of Naval warfare for which they were designed. The amphibious assault at Camp Pendleton, by an embarked Marine Expeditionary Brigade.

Exercise highlights included surface-to-air missile firings at drone targets, live rocket and bombing attacks on the San Clemente and Chocolate Mountain impact ranges, and Naval air strikes to sink target ships.

Peter Rogone

Army Private Peter A. Rogone, 19, son of Mr. and Mrs. Phillip N. Rogone, 1271 Clinton Court, Upland, has arrived in Vietnam with his unit, the 101st Airborne Division.

Pvt. Rogone is a rifleman in Company B, 3rd Battalion of the division's 187th Infantry.

Prior to its arrival overseas, the "Screaming Eagle" division had been stationed at Ft. Campbell, Ky. The remainder of the division follows the 1st Brigade which has been operating in the country for some time.

Jack Schnurr

Airman Jack A. Schnurr, son of Mr. and Mrs. Jack Schnurr of 61 E. 24th St., Upland, has been graduated

with honors at Sheppard AFB, Tex., from the training course for U.S. Air Force aircraft mechanics.

Airman Schnurr, an Air National Guardsman, is being assigned to an ANG unit at Ontario Airport.

A graduate of Upland High School, he attended Santa Ana College.

The railroads' investment in new plant and equipment is expected to total \$1.57 billion in 1967—a 20.7 per cent drop in spending compared to the \$1.98 billion spent in 1966, according to the Commerce Department and the Securities and Exchange Commission.

Upland

School Menu

Tuesday - Fish sticks w/ lemon, buttered peas, French bread and butter, fruit cocktail, milk.
